CUSTOMER'S GUIDE:

What is so special about Express Service? We employ double manning system which will trim down the waiting time and improve our service quality. We also offer some convenient maintenance and service options that will take only a few hours. It is faster, more effective and more efficient.

How do you participate in our Express Service? Express Service is strictly through **phone-booking** only. We greatly appreciated that you can arrange your visit 15 minutes before or after your scheduled appointment for the optimum Express Service Experience. For the late arrival, it will depend to the workshop's traffic whether we will reschedule your appointment.

How about other additional services? In the event of any inevitable delay or additional jobs or requests other than the Service and Maintenance listed, you may clarify to our service advisor. Our service advisor will tender the best maintenance options for you.
